

CONSULTING SERVICES

Have questions? We can help. With RPG's combined experience in acquisitions, construction, development, financing, and property and facility management our team is well positioned to assist you with your project. From scope development and project management to regulatory affairs, RPG can help move your project forward with success.

RPG has the breadth of experience to lend helpful insight and guidance to any issue that may be facing your property. RPG offers several levels of assistance in areas listed below.

CONSTRUCTION

Construction is difficult, time-consuming and expensive. We can help in every step of the process to ensure your project is completed as intended. RPG can offer assistance with;

| | | |
|-------------------|-----------|-----------------------|
| Scope Development | Financing | Historic Preservation |
| Bid Selection | Design | Materials Selection |
| Budgeting | | Project Management |

LEGAL ,TAX & INSURANCE

Your corporation was organized to protect assets. Unfortunately, if your corporation is not in compliance with the state or IRS, chances are your assets are exposed. RPG is able to help keep the t's crossed and i's dotted so that you know you're protected. Contact us for assistance with;

| | | |
|---------------------|--------------------------|---------------------|
| Entity Formation | Annual Reporting | Tax Exempt Status |
| Governing Documents | Property Insurance | Materials Selection |
| Tax Filings | Corporate Record Keeping | Liability Insurance |

CAPITAL IMPROVEMENTS

The benefits of managing fifteen properties are that we've seen and done it all. In our experience, it's a whole lot easier to do something right the first time, instead of several times. Scope of work and material selection are vital to the long term success of any improvement.

FACILITY MANAGEMENT
